

THE FOURTH LIBERTY LOAN CAMPAIGN CLOSES TOMORROW NIGHT. CAN YOU SATISFY YOUR CONSCIENCE THAT YOU HAVE DONE YOUR DUTY?

DRASTIC RULES TO COMBAT INFLUENZA

Board Of Health At Meeting Last Evening Decide On More Stringent Regulations

DUBOIS IN MIDST OF EPIDEMIC

The influenza epidemic throughout Clearfield county and this section of the State is becoming much more serious than the general public seems to recognize. From every section comes the same story of the rapid spread of the disease and the health authorities are adopting much more stringent regulations to combat the disease.

The epidemic which first broke out along the Atlantic coast is now rapidly making its way west. Every section of Clearfield County is affected now and in many places the condition is serious.

The boards of health for DuBois and Clearfield were in session last evening for the purpose of taking additional precautions against the epidemic. In the former city there is no let up in the disease and many of the cases are serious. One physician was before the board on complaint of the druggists because of the large number of prescriptions for waiskey he had written. He promised to refrain from this practice in the future.

It was developed at the meeting that the influenza situation is not showing any improvement and the board decided upon even more rigorous methods in handling the epidemic. Yesterday all soda fountains were closed and a more careful regulation will be enacted against crowds collecting at any place in the city.

During the past 24 hours at least ten deaths were reported. The undertakers were so busy last evening that they did not have the time to check up their records and no dependable list was obtainable.

Out at No. 2 Shaft the disease is gaining quite a foothold. There were two deaths there yesterday, a man and his wife, and several other cases are reported as very serious.

The meeting of the local health board in the Council chamber last evening was attended by about twenty of the representative citizens of the town who insisted on the health authorities taking the most drastic steps toward regulating the town and combating the spread of the disease.

It was suggested and strongly insisted upon that the town be absolutely quarantined against travel of description and people be forbidden to either leave or enter, but the board was hardly ready to enforce such a stringent rule at this time, while realizing that conditions in adjoining towns might make such a regulation necessary in the near future.

Dr. Reilley stated that he had been asked to issue an order allowing hotel men to make sales of liquor by bottle through the office or to guests in their rooms. He said he refused to do so and later took the matter up with the Department of Health at Harrisburg and was told that the local health authorities had nothing to do with such regulations, that the sale of liquor was stopped as a health measure by the State Board and no liquor could be sold anywhere except by a regular druggist on a physician's prescription, and the ban would remain in force throughout the State until lifted by the authority putting it in force and no other.

Complaint was made as to the violation of the State regulations regarding funerals and it was decided to rigidly enforce the ban against public funerals and hereafter none but the adult relatives of the deceased will be permitted to attend the funeral services or to be upon the premises during the time the deceased is there, which precludes public viewing of the corpse. The undertakers will be notified to have this rule enforced and Mayor Chase was asked to have a policeman detailed to every funeral hereafter to enforce the order strictly.

It was decided to order soda fountains and ice cream parlors to remove the chairs and tables from the places of business and allow no patrons to congregate in the rooms or be served while sitting down. It was

NEXT OBJECTIVE OF THE ALLIES IS ZEEBRUGEE

American Naval Department Does Not Believe German Subs Have Been Called Back Home

TURCOING ABANDONED BY HUN

By United Press
Turcoing, just south of Courtaix, has been evacuated by the enemy and the Allied troops have entered the town, it was officially stated today. The French, Belgians, and Americans on the eastward continue rapidly at some points.

Zeebrugge is the objective of the Allies on a 35 mile Flanders front where General Haig made his sensational advance to a depth of 10 miles yesterday.

The American Navy department in view of the lack of official confirmation was inclined to discredit reports that Germany is calling the U-boats back to their bases. It was considered significant however, that Germany is abandoning her chief submarine bases in Belgium. U-boats operating in the future will be forced in making a trip to go several hundred miles longer than heretofore.

Delayed dispatches covering operations of the Allied troops yesterday reached the frontier today. An Allied advance to a depth of 12 miles on a 35 mile front was made between the North Sea and the Lys River.

French forces operating with the British and Belgians in Flanders took three villages.

In the Oise region west of Grand Pre French troops advanced in the face of heavy counter attacks.

The French and Serbian forces operating in Montenegro have advanced to Ipek, 15 miles within the frontier. Northwest of Nish additional progress was made. The advance continues.

The women and children in the evacuated region of Flanders are left without shelter or food according to reports today. In Roulers the Germans seized all the food including 20,000 pounds from the Belgian Relief commission. What food they were unable to take with them they destroyed. The British Admiralty today made plans for help for the war stricken refugees. Some agency today announced receipt of an advice indicating that the Germans had made extensive preparations for an evacuation of the entire Belgian coast.

PHYSICAL EXAMS TO START MONDAY NEXT

The local selective service board has issued its first call for physical examination of the recent 18 to 45 registrants. On account of the scarcity of physicians and their added burdens incident to the influenza epidemic the board decided to call ten men for examination each evening. The men will report after supper and it is expected the doctors will be able to deal enough time from their regular work to look them over.

The list around Clearfield will be called first and when these have all been examined the Curwensville registrants will be called. When this part of district No. 1 has been covered calls will be sent to the men in the lower end to report at Winburne and the board will load up their books and records and motor down there to hold their examinations, thus relieving the men of the necessity of losing time from their work to attend the examination.

The first ten men have been called for Monday evening October 21st at 7 o'clock and are as follows:
Frank P. Chorperring Clearfield
George Byron Owens Clearfield
Gerald Aubrey Sayers Clearfield
Emory Shifter Clearfield
John A. Levei Clearfield
Benjamin Washok Clearfield
William Louis DeBeck Clearfield
Lesley Kruse Clearfield
John Joseph Toohy Clearfield
James Elmer Graham Clearfield

You owe it to them.
Bonds build ships.
Now for some American efficiency!

SECRETARY M'ADOO MAKES FINAL APPEAL FOR LIBERTY LOAN

Progress, Clearfield, Pa. Washington, D. C., Oct. 17, 1918.

Subscriptions reported and estimated up to noon Thursday amount to Four Billion Dollars, leaving at least Two Billion Dollars to complete the Fourth Liberty Loan.

Only two days are left within which to raise this vast sum. No country on earth but America can do it and must do it.

The destinies of the world and the hopes of civilization are centered upon America. We shall fail in everything we have fought for or hope to gain in this war if the Fourth Liberty Loan is defeated.

Let every true American citizen today examine himself under the white light of patriotism and say whether or not he has done his utmost in this emergency.

The highest obligations of duty and patriotism command every true American to go immediately to his bank or to his Liberty Loan Committee and subscribe to the limit of his ability to the Fourth Liberty Bonds.

Don't delay. Don't wait to be urged; be as quick to do your part in this Fourth Liberty Loan battle as our soldiers in France are quick to obey the orders to charge the enemy.

Buy Liberty Bonds on the installment plan if you cannot buy them for cash. Every patriotic bank will help you.

If every patriotic citizen will do his duty today victory for the Fourth Liberty Loan is certain.

The continued victories of our armies in Europe, the certain defeat of our enemies and the glorious triumph of the cause of Liberty depend upon what the American people do in the remaining two days of the Fourth Liberty Loan Campaign.

W. G. McADOO.

TO OUR SUBSCRIBERS IN CLEARFIELD

We are short of help but are doing our best to get you a better paper every day. Will our Clearfield subscribers please not come to the office to pay their subscriptions until further notice. Wait on the collector to call at your home. This may be a peculiar request to make but it is an absolute necessity.

NOTICE TO ADVERTISERS

We regret to announce that R. S. Nightingale, Advertising Manager of The Progress, has been stricken with Spanish influenza and will be unable to call on our advertisers. Will advertisers kindly co-operate with us by having their copy prepared to send to our office before nine o'clock each morning. Shortage of help actually prevents us from accepting any copy after nine o'clock in the morning.

LIBERTY BOND NEWS OF INTEREST TO YOU

The employees of the Elk Tanning night Of the derelict four places company here have subscribed for McGarveys Ridge and Harmony are \$10,700 worth of 4th Liberty Bonds, almost ready to go across while the while the general office of the company at Radway has contributed \$2,000 to this district, making a total of \$12,700 for the tannery.

Up to the close of business last evening the different banks in this district had the following total of Fourth Liberty Loan subscriptions on hand:

Mo-hannon Nat'l Phillipsburg \$339,350
First National, Phillipsburg 411,050
Mahaffey National 86,500
Curwensville National 245,000
First National Houtzdale 136,500
Trust Company Houtzdale 78,500
Clearport National 26,250
Clearfield Trust Co. 260,650
County National, Clearfield 142,950
DuBois National 667,800
Union Bank & Trust, DuBois 263,450
Ivona National 288,050
Ocoela National 32,750
Winburne National 164,000
Maha National 98,450
Maha National 111,750

MAHAFFY DISTRICT MADE AN ENCOURAGING REPORT TO COUNTY LIBERTY LOAN HEADQUARTERS THIS MORNING. Thus far they have a total subscription of \$86,500 with 797 subscribers and the end is not yet. One enthusiastic Mahaffey patriot who had already come down quite hand-some for the committee he would take \$500 more in bonds providing they could get five others to do likewise. The committee promptly got busy and expected to line up eight more \$500 fellows before Saturday night. Seven out of the eleven sub-districts are reported over the top ahead of the committee. A clear-cut Saturday

WHOLE BELGIAN COAST EXPECTED TO BE EVACUATED BY THE ENEMY

MEAGRE REPORTS TELL OF CAPTURE OF BOTH BRUGES AND BLANKENBURGHE BY RAPIDLY ADVANCING ALLIES

FALL OF ZEEBRUGEE IS IMMINENT

LONDON, 1:46 P. M.—The whole Belgian coast is condently expected to be evacuated by the enemy. Reports that Bruges had fallen and that Zeebrugge had been evacuated have been received but not officially confirmed. It is declared that Blankenberghe, 5 miles west of Zeebrugge, has been captured.

Belgian units have taken Bruges, reports from the British front this afternoon stated.

LONDON, Oct. 18.—British troops continue to advance on the whole thirty mile front between the Sensee canal and the Lys river, Field Marshal Haig announced.

Additional progress has been made east of Douai and several villages have been captured southeast of that city.

Prisoners taken in yesterday's Anglo-American attack between Bohain and La Catelet exceeded 4,000.

GERMANY FRAMING REPLY TO U. S.

AMSTERDAM, Oct. 18.—Members of the Reichstag, the former council, the Cabinet and military and naval officials conferred in Berlin yesterday in regard to the reply which will be sent to President Wilson, according to advices received here today. The reply, it is reported, is not yet completed.

YANK GAINS REPORTED

Under cover of a heavy barrage American patrols this morning penetrated deeply into the wooded region northeast of Grand Pre. At the same time after breaking up feeble counter attacks along the Meuse the Americans took a number of strong points from which the Boche has been sending out patrols. Both operations netted big gains without heavy losses.

BELGIANS ENTER BRUGES

LONDON, 4 P. M.—Belgian infantry have entered Bruges and received an enthusiastic welcome, dispatches from the British front this afternoon announced.

TOURCOING AND ROUBAIX TAKEN

PARIS, Oct. 18.—Tourcoing and Roubaix are really reported to have been captured by Allied troops.

KEEPING THEIR DOGS TIED

AMSTERDAM, Oct. 18.—No German submarines have gone to sea since Chancellor Max's armistice offer, according to unofficial reports received here today.

AUSTRIA REPORTED CARRYING OUT WILSON PROPOSAL

AMSTERDAM, Oct. 18.—In compliance with President Wilson's note Austria is evacuating occupied territory, according to Vienna dispatches received here today.

"GO-THE-LIMIT-CLUB"

Of the Liberty Loan Committee

RAISE YOUR LIMIT

Last chance to get in the "GO-THE-LIMIT CLUB". Saturday will be the last opportunity for the patriotic citizens of the Clearfield Liberty Loan District to do their full duty by their Government.

Go down in your pockets and then to your bank, and take out a membership. You will be proud to show your record in the years to come, to your children and grand children.

Our membership now totals nearly TWO MILLION DOLLARS.

OCTOBER 18, 1918.

REPORT SHOWING ESTIMATED
YIELD OF PENNA. CROPS

Variable to this crop and then the blight and aphid have had their detrimental effect. The present outlook is that the crop will be something over 21,000,000 bushels compared with 30,655,000 last year. The average for the last five years has been 24,235,800 bushels.

Tobacco—The condition of tobacco has improved since the drought broke. It is now estimated that the production will be 1372 pounds per acre and the total crop 56,444,000 pounds as compared with 51,051,000 pounds last year. About 80 per cent. of the tobacco grown in this state is produced in Lancaster county, York county, second.

FRUIT—It appears that the final figures will show 75 per cent. of a normal or full apple crop. Reports indicate that the peach crop is three-fourths as large as last year which is approximately 1,080,000 bushels. The pear crop is four-fifths as large as last year which is 258,400 bushels.

L. H. WIBLE, Statistician.

37-45 CLASS TO BE
CALLED MARCH 1ST

Washington, Oct. 16.—Draft calls for men who have passed their thirty-seventh birthday are expected to begin about March 1. Plans for bringing the older class of new registrants into camp have not been completed, but the approximate date of the first call was disclosed today by publication of testimony by Provost Marshal General Crowder before the House Military committee.

Gen. Crowder told the committee 2,300,000 newly-registered men between 18 and 45 will be called before July 1 and of that number more than 2,000,000 will be physically fit fighting men. The calls for general service will be divided as follows:

October, 345,000; November, 204,000; December, 197,500; January 147,500; February 244,000; March, April, May and June 344,000 each month.

The men will supply the army, navy and marine corps. In addition, 20,000 men for limited service will be called each month.

Gen. Crowder said the work of classifying new registrants should be completed by January 1.

HILL P. SHIREY IS OVER THERE

We acknowledge receipt of a card from B. Earl Shirey on which he writes: "The ship on which I sailed has arrived safely overseas. Good news for all of us."

DRASTIC RULES TO
COMBAT INFLUENZA

(Continue From Page One)

said that much of the objection to these plans was due to the "spoiling" of madd and mases and silly swains wading through their first paroxysms of "calf love," some couples of soft young things, utilizing as much as eighty-five minutes of time getting outside of twenty, the worth of ice cream.

The matter of the opening of churches and school, was discussed and it was decided that there could be no hope of opening either within the very near future and the schools will thus remain closed all next week at least.

It was also decided to quarantine for the disease in the future and placards were ordered for that purpose. The disease runs ordinarily for from five to seven days, with danger of infection for at least three days after the patient becomes normal. The quarantine period is thus placed at ten days and this will be strictly enforced.

Acting Health Officer McDowell will be given a saddle horse to enable him to patrol the town, enforce the quarantine and break up all congregations of people.

These regulations, while to some more or less drastic, are absolutely necessary and should be accepted in the proper spirit by our people generally. The board of health is concerned solely and entirely with the public health and aims to protect us from ourselves in this time of danger.

To illustrate the case concretely it is only necessary to give you the experience of the neighbors. Indiana county towns of Rossiter and Grimes. When the disease became prevalent, Clymer instituted a close quarantine and took every necessary precaution. Rossiter people laughed at the fears of their neighbors and allowed them town to continue wide open. Result—Clymer has but four or five cases of flu, and these all in one family, while at Rossiter the town is literally polluted with it, more than 400 cases having been reported with many deaths thus far.

FUNERAL OF MISS JUDITH
VIBERG

The funeral of Miss Judith Viberg, the Red Cross nurse who gave her life to her country while engaged as a nurse at the camp hospital at Camp Lee, Va., took place from the home of her mother on Leavy avenue at 2 o'clock this afternoon. The services were conducted by Dr. E. C. Reeve of the First Presbyterian church. The pallbearers, all men with sons in the U. S. service were H. B. Hartwick, John W. Wrigley, George B. Reed, A. B. Reed, James Mitchell and H. F. Wallace.

Interment was made in Hillcrest cemetery.

Drew Caissons When Horses Died.
There are many tales of heroism in
the fighting in France. One con-
cerns a number of boys, belonging to
an artillery group, which as a result
of constant fire found itself short of
ammunition. The lads had volun-
teered to make a three-mile trip down
the road, every inch of which was
shell-swept, in order to bring back a
fresh supply.

Before the return was completed the
horses attached to their caisson wagon
were all killed. That circumstance,
however, failed to deter the Americans
from laboriously dragging the wagon
themselves.

American citizens in this community
insure you in the

(From the New York Times, July 17, 1918)

They Got There In Time

**They are in the fight with every muscle,
every faculty of their minds, every
drop of their American blood**

You have read in the daily news the story of what one detachment of American artillerymen did on the Marne when their ammunition was running low.

Every shell in that caisson meant a speedier winning of the war—all the horses were killed—but the shells got there just the same. And they got there in time.

**We Must
Lend the
Way They
Fight—
We Must
Buy Bonds
to
Our Very
Utmost!**

Where shall we draw the limit when we read what they are doing over there? Now is the time to put our full strength into it. Our strength, coupled with the power of our Allies, will win. Let us not delay even a few months.

Let us get there in time to hasten the victory—to save the lives of our sons.

How can any one of us, back here at home, set any limit to the help we ought to give—for victory? And we must get it there in time!

SPANISH INFLUENZA

What It Is And How It Should Be Treated

This disease, authorities now agree, is simply the old fashioned grip that was epidemic in 1889-90. Then it came from Russia by way of France and was given the French name la Grippe. This time it comes by way of Spain.

Spanish influenza, which appeared in Spain in May, has swept over the world in numerous epidemics as far back as history runs. Hippocrates refers to an epidemic in 412 B. C. which is regarded by many to have been influenza. Every century has had its attacks. Beginning with 1831, this country has had five epidemics, the last in 1889-90.

Grip, or influenza, as it is now called, usually begins with a chill followed by aching, feverishness and sometimes nausea and dizziness, and a general feeling of weakness and depression. The temperature is from 100 to 104, and the fever usually lasts from three to five days. The germs attack the mucous membrane, or lining of the air passages—nose, throat and bronchial tubes—there is usually a hard cough especially bad at night, often times a sore throat or tonsillitis, and frequently all the appearances of a severe head cold.

THE TREATMENT

Go to bed at the first symptoms—take a purgative, eat plenty of nourishing food, remain perfectly quiet and don't worry. Nature herself is the only "cure" for influenza and will throw off the attack if only you conserve your strength. A little Quinine, Aspirin or Peppermint Powders may be given by the physician's directions to allay the itching. Always call a doctor, since the chief danger of grip is in its weakening effect on the system, which allows complications to develop. These are chiefly pneumonia and bronchitis, sometimes inflammation of the middle ear, or heart affections. For these reasons it is very important that the patient remain in bed until his strength returns—stay in bed at least two days or more after the fever has left you, or if you are over 50 or not strong, stay in bed four days or more, according to the severity of the attack.

EXTERNAL APPLICATIONS

In order to stimulate the lining of the air passages to throw off the grip germs to aid in loosening the phlegm and keeping the air passages open, thus making the breathing easier, Vick's VapoRub will be found effective. Hot, wet towels should be applied over the throat, chest and back between the shoulder blades to open the pores. Then VapoRub should be rubbed in over the parts until the skin is red, spread on thickly and covered with two thicknesses of hot flannel cloths. Leave the clothing loose around the neck as the heat of the body liberates the ingredients in the form of vapors. These vapors are inhaled with each breath carry the medication directly to the parts it is externally applied and can, affected. At the same time, VapoRub is absorbed thru and stimulates the skin, attracting the blood to the parts.

NOTICE

Notice is hereby given that the Township of Morris, Clearfield County, Pennsylvania, will offer at public sale at the Bloomsburg National bank, Winburne, Pa. on Friday, October 1918 at two o'clock p. m. bonds of the said Township in the

sum of \$10,000.00. Said bonds being coupon bonds of the denomination of \$500 each, payable the first day of October, 1920, with interest at 5 per cent. per annum.

FLU INTERFERES WITH COAL PRODUCTION

Coal production in the Central Pennsylvania district for the week ending October 5, was 1,293,942 tons, which is 102,466 tons less than was produced the previous week.

Spanish influenza is directly responsible for the decrease, its incursions having completely closed mines in seven places, while as many more had their output restricted 5 per cent. Wishaw, Eleanora, Florence, Soldier, McIntyre, Coal Run and Conifer mines were closed; the operations at Ernest, Pileville, Clymer, Dixonville, Rosister and in the Broad Top regions were heavily cut while practically every mine in the field was affected to some degree.

Conditions are improving in most of the towns, according to reports from the state health department and Charles O'Neill, production manager for the Central Pennsylvania district, has requested miners living in places not affected by the epidemic to increase their output so that the coal so vital to the success of the war may be produced.

FLOURING MILLS

This subject is so ramified and disconnected that it is pretty hard at this time to make much of a historical sketch out of it. Mills have been built and tumbled to decay, and others are yet standing of which the writer of this sketch knows nothing about. Hence we start at a comparative recent date, and give some facts in regard to some of the later establishments of the milling kind.

In 1882 the writer had knowledge of the existence of the following mills: John Irwin Bros., Carwensville; Joseph M. Spencer, Bridgeport; Luther Ferguson & Co., Lumber City; Dr. J. P. Hoyt, Robert Mahaffey, Mahaffey; McGee's Mills; Chest: Horace Patchin, Burnside; Beccaria Mills; Glen Hope, Perryville mills, Puseyville; Nevels Mills, Junesville; New Millport; George Logan's Mill, near Carwensville; Richard Shaw's mill, Clearfield; A. H. Shaw, Clearfield; A. B. Shaw, Shawville; J. B. Gifford, Three Runs; B. F. Kyler, Kylerstown; Runk's, Philipsburg; Rockton; Edinger's, Luthersburg; Bishel's, Troutville; Johnston & Schwem, Grampian Hills; Ross, DuBois; Joe Breth's, Hurd; Summerville mills, Hurd. There were a number of other country mills scattered throughout the rural districts, of which no accurate account of ownership can be given or date as when erected.

The original of the various Irwin flour mills was built in 1818 to 1820 by William Irwin Sr. father of William Sr., and John Sr., and grandfather of the late Senator Edward A. Irwin.

The first mill was burned in 1820 to 1832 but was replaced at once. The second mill was burned in February 1877 and was rebuilt without delay. This establishment, located on the east bank of Carwensville, owned by John Irwin & Bro. was one of the most complete flouring mills in the county. Both manufacturing and custom work was done on a large scale. During the year 1872 in the neighborhood of 12,000 bushels of wheat and 12,000 bushels of corn were ground. The manufactured article was in the main consumed at home and was sold only at the mill and at the flour store. The mill had five run of burrs, a water wheel supplying power for each. An extra wheel was employed for the balance of the machinery. It was also supplied with custom and merchant bolts, two midging purifiers a buckwheat belt, superior cleaning machinery and elevators and in fact all the modern machinery used in first class country flouring mills at that date. Potter's flouring mill is at Three Runs was built during the summer of 1872 and put in operation in November

Gossip for Tonight's Tea Table

Mrs. G. W. Bruth left this morning for a two weeks visit with friends in Altoona and Pittsburgh.

Abe Shapiro returned home from Bellefonte last evening with a bad case of influenza.

Mr. and Mrs. Malcolm Mahaffey, of Harrisburg, are guests at the Hotel Windsor at present.

Mr. and Mrs. William B. Craft of Fourth street received word of the safe arrival over sea of their son Homer J. Craft who is with the national army.

R. S. Nightingale advertising manager of The Progress is confined to his Turnpike avenue home suffering from a severe attack of bronchitis.

Sleeveless jackets are relieving the strain that the continued use of sweaters and country coats entails when the girl who goes in for sports chooses her spring and summer wardrobe. Velours waistcoats like the one pictured here will be very popular this season, for they combine the maximum of comfort with the maximum of style. This one is fabricated in black and white, is cut square under the arms and buttoned at the sides. The waist is held by a narrow belt.

Pony Jackets Are Worn.

Pony jackets are almost as popular as flared jackets. The pony jacket falls in straight lines to the hip, whereas the flared is shaped to just above the waistline. With the pony one wears a low girle or sash, showing on the hip, below the jacket edge; with the flared the sash is a girle, snug and trim about the normal waistline. Pony jackets look well with the new long-waisted blouses, ending in a low belt or sash at the hip. Some of these blouses are of satin with head embroidery on the front, and the bright touch of color is very effective under a pony jacket of dark serge; the jacket, of course, matching a serge skirt on straight and slender lines.

Buy more than you think you can. Bonds are signposts of Democracy.

of the same year, under the management of Dr. J. W. Potter.

Pioneer mills were located on Mohannon creek, five miles east of Kylerstown. They were built in 1810 by H. Groc. When built the mills had two pairs of burrs and the power was provided by one turbine Todd wheel. In 1858 or 1859 the testab'shmen was purchased by James Alexander, of Clearfield who later disposed of it to Matthew Forcey, of Bradford township.

CARD OF THANKS

Mr. and Mrs. Calvin Shirey and son take this means of expressing their heart felt thanks to the friends and neighbors who so kindly assisted them during the time of their sad bereavement in the death of their son and brother Private J. Lynn Shirey. We want to especially thank friends and neighbors for their floral tributes, and also the Clearfield Laundry employees, Sunday school classes, New York Central railway employees, and Mr. A. L. Anderson and brocs, of Altoona, for splendid floral tributes. Our thanks are also especially due those who kindly furnished automobiles and the Spanish American War Veterans for their assistance.

Do Your Christmas Shopping Early

BUY CLOTHES THAT GIVE SERVICE

This is a period when you are doing everything as a patriot, subscribing to the Liberty Loans, helping to give comforts to our Boys, backing up Our President, and economizing on your clothes to be able to place the money for essential war needs.

Determine here and now that everything you buy is going to be worn for a longer period than ever before. That you are going to insist on clothes of the best and most serviceable materials and workmanship that will stand time.

Have You Bought All the Liberty Bonds You Can Buy? If Not Buy—To-day

Just Received a Shipment of 8 Ply Khaki Yarn

An Impressive Collection of New Hats at \$4.95 and \$5.95

It is generally supposed that if you want an impressive, individual hat, you must pay a price accordingly. As a rule, this is true and the store that merely buys merchandise and sells it at a profit, is compelled to follow this plan. However, we believe that every expensive hat can be duplicated by eliminating certain expensive features and the cost brought down to almost half. So you will find that practically every hat in the group is modeled after styles seen in New York Shops at \$10 and \$15. The new ideas are brought out strikingly in these brown tones, in the large black hats, novel turban and scores of other models that bring out strikingly different suggestions.

Dresses at \$17.50

The value giving of a store is not determined by a special sale price here and there, but rather by the kind of values you can secure at all times.

These new Fall dresses at \$17.50 will help convince you of the type of value giving characteristic of this store, and particularly in reference to our ready-to-wear department.

The dresses are made of serge and silk. Fashioned in the new smart designs, dressmaker made, so as to assure longer service and good fitting quality.

We Overheard a Woman Say Recently She Thought a Fashionable, Good Suit Could Not Be Had for \$35.00

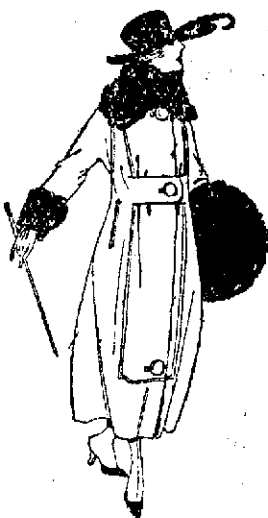

—but that was just BEFORE she came into our suit department.

Naturally, a suit of finer workmanship or materials can be had by paying \$10 or \$20 more. Here is what one fashion magazine says—"One of the peculiarities of the season is that price does not influence style lines. The same style may be had in any grade of material. The scarcer the material and the better its quality, the higher the price of the garment, altho the style may be accurately duplicated in another garment at half the price."

So what was the surprise of the woman mentioned above when she examined our suits at \$35.00 and tried two of them on. She told us she had thought it impossible to find such splendid and smart garments at this price.

Other suits from \$25.00 to \$87.50.

Weather That Calls for the Immediate Purchase of That NEW COAT

If you want to know what \$19.50 to \$50.00 can buy in one of the new coats, you have just to examine the garments on their racks here—each of which bears its own price ticket. This is important, for a salesperson here does not base the price according to your enthusiasm for a certain style, or on your appearance. There is one price for all. So come to a one-price store, now that brisk, cold weather is here, and buy that coat.

New Gloves

Splendid choice is available with immediate selection. Whether you want kid or washable gloves, silk or fancy effects of the various fabrics, we have provided full and comprehensive choice in a full range of sizes.

FRENCH KID GLOVES \$2.25 TO \$3.25

The finest kid gloves you can secure in Clearfield. Soft skins of perfect finish; several colors as well as black and white. Two clasp; pique sewn.

SUEDE GLOVES AT \$2.00

These come in gray only. Washable in the two clasp style and pique sewn. Double tipped; well known make. Washable cape gloves at \$2.50 to \$3.25. Cashmerette gloves at 75c and \$1.00.

For An Attractive, Inviting Table Setting—Our All-Linen Table Damask at \$2.50 a Yard

The wise housewife is not waiting until Thanksgiving or some future date to buy her table linens. Linens are too scarce for that. This is a full bleached pure linen damask 72 inches wide. Choice of patterns makes selection easy.

9 x 12 Axminster Rugs in Splendid New Patterns and Color Effects at \$42.50

We have just received some new and very beautiful rugs. These were contracted for months ago. They are worth much more.

DRASTIC RULES
TO COMBAT
INFLUENZABoard Of Health At Meeting
Last Evening Decide On More
Stringent Regulations

DUBOIS IN MIDST OF EPIDEMIC

The influenza epidemic throughout Clearfield county and this section of the State is becoming much more serious than the general public seems to recognize. From every section comes the same story of the rapid spread of the disease and the health authorities are adopting much more stringent regulations to combat the disease.

The epidemic which first broke out along the Atlantic coast is now rapidly making its way west. Every section of Clearfield County is affected now and in many places the condition is serious.

The boards of health for DuBois and Clearfield were in session last evening for the purpose of taking additional precautions against the epidemic. In the former city there is no let up in the disease and many of the cases are serious. One physician was before the board on complaint of the druggists because of the large number of prescriptions for waiskey he had written. He promised to refrain from this practice in the future.

It was developed at the meeting that the influenza situation is not showing any improvement and the board decided upon even more rigorous methods in handling the epidemic. Yesterday all soda fountains were closed and a more careful regulation will be enacted against crowds collecting at any place in the city.

During the past 24 hours at least ten deaths were reported. The undertakers were so busy last evening that they did not have the time to check up their records and no dependable list was obtainable.

Out at No. 2 Shaft the disease is gaining quite a foothold. There were two deaths there yesterday, a man and his wife, and several other cases are reported as very serious.

The meeting of the local health board in the Council chamber last evening was attended by about twenty of the representative citizens of the town who insisted on the health authorities taking the most drastic steps toward regulating the town and combating the spread of the disease. It was suggested and strongly insisted upon that the town be absolutely quarantined against travel of description and people be forbidden to either leave or enter, but the board was hardly ready to enforce such a stringent rule at this time, while realizing that conditions in adjoining towns might make such a regulation necessary in the near future.

Dr. Reilly stated that he had been asked to issue an order allowing hotel men to make sales of liquor by bottle through the office or to guests in their rooms. He said he refused to do so and later took the matter up with the Department of Health at Harrisburg and was told that the local health authorities had nothing to do with such regulations, that the sale of liquor was stopped as a health measure by the State Board and no liquor could be sold anywhere except by a regular druggist on a physician's prescription, and the ban would remain in force throughout the State until lifted by the authority putting it in force and no other.

Complaint was made as to the violation of the State regulations regarding funerals and it was decided to rigidly enforce the ban against public funerals and hereafter none but the adult relatives of the deceased will be permitted to attend the funeral services or to be upon the premises during the time the deceased is there, which precludes public viewing of the corpse. The undertakers will be notified to have this rule enforced and Mayor Chase was asked to have a policeman detailed to every funeral hereafter to enforce the order strictly.

It was decided to order soda fountains and ice cream parlors to remove the chairs and tables from the places of business and allow no patrons to congregate in the rooms or be served while sitting down. It was

NEXT OBJECTIVE
OF THE ALLIES
IS ZEEBRUGEEAmerican Naval Department Does
Not Believe German Subs Have
Been Called Back Home

TURCOING ABANDONED BY HUN

By United Press
Turcoing, just south of Courtaiz, has been evacuated by the enemy and the Allied troops have entered the town, it was officially stated today. The French, Belgians, and Americans on the eastward continue rapidly at some points.

Zeebrugge is the objective of the Allies on a 35 mile Flanders front where General Haig made his sensational advance to a depth of 10 miles yesterday.

The American Navy department in view of the lack of official confirmation was inclined to discredit reports that Germany is calling the U-boats back to their bases. It was considered significant however, that Germany is abandoning her chief submarine bases in Belgium. U-boats operating in the future will be forced in making a trip to go several hundred miles longer than heretofore.

Delayed dispatches covering operations of the Allied troops yesterday reached the frontier today. An Allied advance to a depth of 12 miles on a 35 mile front was made between the North Sea and the Lys River.

French forces operating with the British and Belgians in Flanders took three villages.

In the Oise region west of Grand Pre French troops advanced in the face of heavy counter attacks.

The French and Serbian forces operating in Montenegro have advanced to Ipek, 15 miles within the frontier. Northwest of Nish additional progress was made. The advance continues.

The women and children in the evacuated region of Flanders are left without shelter or food according to reports today. In Roulers the Germans seized all the food including 20,000 pounds from the Belgian Relief commission. What food they were unable to take with them they destroyed. The British Admiralty today made plans for help for the war-stricken refugees. Some agency today announced receipt of an advice indicating that the Germans had made extensive preparations for an evacuation of the entire Belgian coast.

PHYSICAL EXAMS TO
START MONDAY NEXT

The local selective service board has issued its first call for physical examination of the recent 18 to 45 registrants. On account of the scarcity of physicians and their added burdens incident to the influenza epidemic the board decided to call ten men for examination each evening. The men will report after supper and it is expected the doctors will be able to deal enough time from their regular work to look them over.

The list around Clearfield will be called first and when these have all been examined the Curwensville registrants will be called. When this part of district No. 1 has been covered calls will be sent to the men in the lower end to report at Winburne and the board will load up their books and records and motor down there to hold their examinations, thus relieving the men of the necessity of losing time from their work to attend the examination.

The first ten men have been called for Monday evening October 21st at 7 o'clock and are as follows:

30 Frank P. Chorperring Clearfield
31 George Byron Owens Clearfield
32 Gerald Aubrey Sayers Clearfield
33 Emory Shifter Clearfield
34 John A. Levei Clearfield
35 Benjamin Washok Clearfield
36 William Louis DeBeck Clearfield
37 Lesley Kruse Clearfield
38 John Joseph Toohy Clearfield
39 James Elmer Graham Clearfield

You owe it to them.
Bonds build ships.
Now for some American efficiency!

SECRETARY M'ADDOO MAKES FINAL APPEAL FOR LIBERTY LOAN

Progress, Clearfield, Pa.
Subscriptions reported and estimated up to noon Thursday amount to Four Billion Dollars, leaving at least Two Billion Dollars to complete the Fourth Liberty Loan. Only two days are left within which to raise this vast sum. No country on earth but America can do it and must do it. The destinies of the world and the hopes of civilization are centered upon America. We shall fail in everything we have fought for or hope to gain in this war if the Fourth Liberty Loan is defeated.

Let every true American citizen today examine himself under the white light of patriotism and say whether or not he has done his utmost in this emergency. The highest obligations of duty and patriotism command every true American to go immediately to his bank or to his Liberty Loan Committee and subscribe to the limit of his ability to the Fourth Liberty Bonds.

Don't delay. Don't wait to be urged; be as quick to do your part in this Fourth Liberty Loan battle as our soldiers in France are quick to obey the orders to charge the enemy. Buy Liberty Bonds on the installment plan if you cannot buy them for cash. Every patriotic bank will help you.

If every patriotic citizen will do his duty today victory for the Fourth Liberty Loan is certain.

The continued victories of our armies in Europe, the certain defeat of our enemies and the glorious triumph of the cause of Liberty depend upon what the American people do in the remaining two days of the Fourth Liberty Loan Campaign.

Washington, D. C., Oct. 17, 1918.

W. G. McADDOO.

TO OUR SUBSCRIBERS IN
CLEARFIELD

We are short of help but are doing our best to get you a better paper every day. Will our Clearfield subscribers please not come to the office to pay their subscriptions until further notice. Wait on the collector to call at your home. This may be a peculiar request to make but it is an absolute necessity.

NOTICE TO ADVERTISERS

We regret to announce that R. S. Nightingale, Advertising Manager of The Progress, has been stricken with Spanish influenza and will be unable to call on our advertisers. Will advertisers kindly co-operate with us by having their copy prepared to send to our office before nine o'clock each morning. Shortage of help actually prevents us from accepting any copy after nine o'clock in the morning.

NEXT FEW WEEKS TO
SHOW COURSE GER-
MANY ELECTS TO TAKE

By Carl D. Groat
United Press Staff Correspondent
Washington Oct. 18.—The next few weeks should determine whether we should have a spring campaign on the western front. In the meantime we are proceeding on the theory that the war is going on and that a spring campaign on the biggest lines must be fought.

This summary of the war and peace situation came today from a general officer holding one of the most important places in the army establishment, but prevented by army rules from allowing his name to be used. "I believe," he said "that by the first of November we shall know whether Germany is going to yield to President Wilson's terms and I am certain that Wilson wants peace now but it is a question with her just what price she is willing to pay for peace."

He declared that Germany may be beaten but not utterly defeated.

ALLIES PLANNING
FOR UNITED FRONT
AT PEACE TABLE

By Robert J. Bender
Washington, Oct. 18.—A determined effort will be made immediately by the American and Allies to organize a strong united diplomatic front to prevent any slip at the peace table.

A review of German press comment and German government propaganda shows that they are hope of a possible Allied disunion when peace negotiations start. President Wilson's statement in his New York speech September 27 for an extensive armistice of demand from all belligerents of European belligerents. When failed to draw a reply from Lloyd George and Clemenceau Germany apparently noted this and the week following launched her peace work.

TO THE PATRIOTIC WOMEN OF CLEARFIELD

The prevailing epidemic has seriously handicapped the Drive for the Fourth Liberty Loan. Therefore, an earnest appeal is made to the women of Clearfield to join a Wind-Up Rally of Bond Buying, which shall materially aid in putting the lagging loan over the top. The quota for this District is over five millions of dollars, a splendid sum whose very magnitude should fill our hearts with pride, together with the firm determination to do a Woman's part in putting it across.

We urge the women who have not yet bought bonds to buy at once, and the women who have already bought to buy at least ONE MORE. The slogan for the Men Go-The-Limit Club is BORROW AND BUY, ours should be SACRIFICE AND BUY. Let us who are Women and who have a part in this War immeasurably greater than a man's can ever be, go the limit in self denial and buy all the bonds we conscientiously can. We give our husbands and our sons, dare we withhold our money?

Representatives to receive subscriptions will be at Red Cross Headquarters in Murray Building each day from the time this notice appears between the hours of ten o'clock A. M. and nine o'clock P. M. Use either telephone if you cannot call in person and you will be called upon by a solicitor. Lists of all women who answered this public appeal will be published daily. Join the SACRIFICE AND BUY CLUB. Remember the time is short.

JENNIE B. HARTSWICK,
City Chairman of Woman's Liberty Loan Committee.

Clearfield Trust Co.	260,650
Clearfield National	142,950
County National, Clearfield	667,800
DuBois National	263,450
Union Bank & Trust, DuBois	288,050
Ivona National	32,750
Ocoola National	164,000
Winburne National	98,450
Mahaffey National	111,750

Mahaffey district made an encouraging report to County Liberty Loan headquarters this morning. Thus far they have a total subscription of \$86,500 with 797 subscribers and the end is not yet. One enthusiastic Mahaffey patriot who had already come down quite hand-some for the committee he would take \$500 more in bonds providing they could get five others to do likewise. The committee promptly got busy and expected to line up eight more \$500 fellows before Saturday night.

Seven out of the eleven sub-districts are reported over the top ahead of the committee. A clear-cut Saturday

WHOLE BELGIAN COAST
EXPECTED TO BE EVAC-
UATED BY THE ENEMYMEAGRE REPORTS TELL OF CAPTURE OF
BOTH BRUGES AND BLANKENBURGHE
BY RAPIDLY ADVANCING ALLIES

FALL OF ZEEBRUGEE IS IMMINENT

LONDON, 1:46 P. M.—The whole Belgian coast is condently expected to be evacuated by the enemy. Reports that Bruges had fallen and that Zeebrugge had been evacuated have been received but not officially confirmed. It is declared that Blankenberghe, 5 miles west of Zeebrugge, has been captured.

Belgian units have taken Bruges, reports from the British front this afternoon stated.

LONDON, Oct. 18.—British troops continue to advance on the whole thirty mile front between the Sensee canal and the Lys river, Field Marshal Haig announced.

Additional progress has been made east of Douai and several villages have been captured southeast of that city. Prisoners taken in yesterday's Anglo-American attack between Bohain and La Catelet exceeded 4,000.

GERMANY FRAMING REPLY TO U. S.
AMSTERDAM, Oct. 18.—Members of the Reichstag, the former council, the Cabinet and military and naval officials conferred in Berlin yesterday in regard to the reply which will be sent to President Wilson, according to advices received here today. The reply, it is reported, is not yet completed.

YANK GAINS REPORTED
Under cover of a heavy barrage American patrols this morning penetrated deeply into the wooded region northeast of Grand Pre. At the same time after breaking up feeble counter attacks along the Meuse the Americans took a number of strong points from which the Boche has been sending out patrols. Both operations netted big gains without heavy losses.

BELGIANS ENTER BRUGES
LONDON, 4 P. M.—Belgian infantry have entered Bruges and received an enthusiastic welcome, dispatches from the British front this afternoon announced.

TOURCOING AND ROUBAIX TAKEN
PARIS, Oct. 18.—Tourcoing and Roubaix are really reported to have been captured by Allied troops.

KEEPING THEIR DOGS TIED
AMSTERDAM, Oct. 18.—No German submarines have gone to sea since Chancellor Max's armistice offer, according to unofficial reports received here today.

AUSTRIA REPORTED CARRYING OUT WILSON PROPOSAL
AMSTERDAM, Oct. 18.—In compliance with President Wilson's note Austria is evacuating occupied territory, according to Vienna dispatches received here today.

"GO-THE-LIMIT-CLUB"
Of the Liberty Loan Committee

RAISE YOUR LIMIT
Last chance to get in the "GO-THE-LIMIT CLUB". Saturday will be the last opportunity for the patriotic citizens of the Clearfield Liberty Loan District to do their full duty by their Government.

Go down in your pockets and then to your bank, and take out a membership. You will be proud to show your record in the years to come, to your children and grand children.

Our membership now totals nearly TWO MILLION DOLLARS.

Clearfield, Pa., as second class matter.

OCTOBER 18, 1918.

REPORT SHOWING ESTIMATED

YIELD OF PENNA. CROPS

Variable to this crop and then the

light and aphid have had their detrimental effect. The present outlook is

that the crop will be something over

21,000,000 bushels compared with 30,

65,000 last year. The average for

the last five years has been 24,235,

800 bushels.

TOBACCO—The condition of tobacco

has improved since the drought broke.

It is now estimated that the production

will be 1372 pounds per acre and the total crop

56,444,000 pounds as compared with 51,051,000

pounds last year. About 80 per cent.

of the tobacco grown in this state is

produced in Lancaster county, York

rank, second.

FRUIT—It appears that the final

figures will show 75 per cent. of a

normal or full apple crop. Reports

indicate that the peach crop is three-

fourths as large as last year which is

approximately 1,080,000 bushels. The

pear crop is four-fifths as large as last

year which is 258,400 bushels.

L. H. WIBLE, Statistician.

37-45 CLASS TO BE

CALLED MARCH 1ST

Washington, Oct. 16—Draft calls

for men who have passed their thirty-

seventh birthday are expected to begin

about March 1. Plans for bringing

the older class of new registrants

into camp have not been completed,

but the approximate date of the first

call was disclosed today by publication

of testimony by Provost Marshal

General Crowder before the House

Military committee.

Gen. Crowder told the committee

2,000,000 newly-registered men between

18 and 45 will be called before

July 1 and of that number more than

2,000,000 will be physically fit fighting

men. The calls for general service

will be divided as follows:

October, 345,000; November, 204,

000; December, 197,500; January 147,

500; February 244,000; March, April,

May and June 344,000 each month.

The men will supply the army,

navy and marine corps.

In addition, 20,000 men for limited

service will be called each month.

Gen. Crowder said the work of

classifying new registrants should be

completed by January 1.

HILL P. SHIREY IS OVER THERE

We acknowledge receipt of a card

from B. Earl Shirey on which he

states "The ship on which I sailed

has arrived safely overseas." Good

news for all of us.

DRASTIC RULES TO
COMBAT INFLUENZA

(Continue From Page One)

said that much of the objection to these plans was due to the "spoiling" of mums and mases and silly swains wading through their first paroxysms of "calf love," some couples of soft young things, utilizing as much as eighty-five minutes of time getting outside of twenty, the worth of ice cream.

The matter of the opening of churches and school, was discussed and it was decided that there could be no hope of opening either within the very near future and the schools will thus remain closed all next week at least.

It was also decided to quarantine for the disease in the future and placards were ordered for that purpose. The disease runs ordinarily for from five to seven days, with danger of infection for at least three days after the patient becomes normal. The quarantine period is thus placed at ten days and this will be strictly enforced.

Acting Health Officer McDowell will be given a saddle horse to enable him to patrol the town, enforce the quarantine and break up all congregations of people.

These regulations, while to some more or less drastic, are absolutely necessary and should be accepted in the proper spirit by our people generally. The board of health is concerned solely and entirely with the public health and aims to protect us from ourselves in this time of danger.

To illustrate the case concretely it is only necessary to give you the experience of the neighbors. Indiana county towns of Rossiter and Clymer. When the disease became prevalent, Clymer instituted a close quarantine and took every necessary precaution. Rossiter people laughed at the fears of their neighbors and allowed their town to continue wide open. Result—Clymer has but four or five cases of flu, and these all in one family, while at Rossiter the town is literally polluted with it, more than 400 cases having been reported with many deaths thus far.

FUNERAL OF MISS JUDITH
VIBERG

The funeral of Miss Judith Viberg, the Red Cross nurse who gave her life to her country while engaged as a nurse at the camp hospital at Camp Lee, Va., took place from the home of her mother on Leavy avenue at 2 o'clock this afternoon. The services were conducted by Dr. E. C. Reeve of the First Presbyterian church. The pallbearers, all men with sons in the U. S. service were H. B. Hartwick, John W. Wrigley, George B. Reed, A. B. Reed, James Mitchell and H. P. Wallace.

Interment was made in Hillcrest cemetery.

For the safety of your family—

SCHOOL-DAY STRAIN

A parent troubled over a child or a fast-growing youth, could do no better than to utilize the definite help that

SCOTT'S EMULSION

affords as a strengthening and nourishing factor. A very little of Scott's every day, during a time of stress, furnishes elements of nourishment essential to the blood and tends to confirm a growing child in robustness. For your boy or girl, you will not be satisfied with anything short of Scott's.

29 HAVE DIED IN REYNOLDSVILLE OF INFLUENZA

That Community Still in Its Grip—Ravages at Wishaw Station Up After Death Toll of 29

Reynoldsville and the surrounding community is still in the grip of the most terrible and most baffling epidemic that has ever been experienced in the state. Medical men who have worked incessantly with the scourge at Wishaw are of the opinion that the epidemic is an advanced stage, they are helpless to check it—that it takes its course as irresistibly as fate. On the other hand it has been demonstrated that when the patient takes prompt measures to combat the influenza in its early stages, the case is rarely fatal.

At Wishaw the disease has run its course and the quarantine has been lifted. Today the mines will resume work and it is expected that the hospital, which still has about 17 patients, will be discontinued in a few days with most of the occupants past the danger period. But before the plague passed away from this little hamlet, one person in every six of its inhabitants had passed through the gates of death. To those who are inclined to minimize the dangers of the epidemic, this statistic is sufficient answer. The death rate on the battlefields of Europe is not high, and men who lived through two epidemics of smallpox remember nothing in those days as exciting as the terror inspired by seeing someone taken sick while at work, dying frequently within forty-eight hours of the attack and leaving behind him a family in the day of their death—Reynoldsville State.

SUFFERED A BROKEN LEG

Guy V. Shaw, who operates a couple of coal mines near Hyde City, was caught by a fall of rock yesterday afternoon and had his left leg very badly injured. The ankle was dislocated and both bones of the leg broken. The bones were broken about six inches above the leg.

The injured man was taken to the Clearfield hospital where the fractures were reduced and he was later returned to his home on West 11th avenue where he is recovering comfortably. It could be expected.

TODAY'S CASUALTIES

The following casualties are reported by the commanding general of the American Expeditionary forces today:

Killed in action	53
Mined in action	34
Wounded severely	130
Died from wounds	12
Died of disease	7
Wounded, degree undetermined	105
Total	361

The following Pennsylvanians are in today's list:

Killed in Action
 Corp Alex Rogacki, Natrona
 Clarence Backalew, Chester
 Edward B. Brooks, Milesburg
 Charles O. McConnell, Altoona

Missing in Action
 George Marusak, Bradenville
 J. W. Shovers, Latrobe
 Charles J. Bunker, Loythanna
 Leonard Engel, Philadelphia
 Jerome Samick, St. Marys
 William Sandusky, Mount Pleasant
 John Fisher, Philadelphia
 Charles Lewis, Carlisle

Wounded Severely
 Sgt. George Beattie, Pittsburgh
 Sgt. Floyd Paterson, Waynesburg
 Sgt. Glenn Goodenow, Cranestown
 Sgt. John Giegol, Hites
 Sgt. John L. Miller, Pittsburgh
 Harry Baish, New Kensington
 James F. Beach, DuBois
 Harry Adams, Pittsburgh
 Giuseppe Ambrosia, Chester
 Charles Brakley, Chester

POWERFUL PILE REMEDY DISCOVERED

Has Never Failed to End Most Obnoxious Case of Piles in a Few Days

In years it has been proved that so-called external remedies applied to the rectum cannot cure piles, but at the same time they do not remove the cause of the trouble.

The wonderful remedy known as Miro Pile Remedy is an efficient in the treatment of piles that even chronic cases of 10 to 20 years standing can be cured in from three to ten days. Think of it! Just a few days of a really but sure relief and the most persistent case of piles is absorbed forever.

Just test what Henry J. Stone of the Locton, Ohio, office did for me. I suffered for three years and tried all kinds of remedies without relief. It was then that I saw the Miro Pile Remedy. I used it and in a few days the piles were gone. I am now cured and I can say that Miro Pile Remedy is the best remedy for piles I have ever used.

All I have to say is—Miro or you get it for you on short notice. Miro or you get it for you on short notice. Miro or you get it for you on short notice.

IMPORTANT: What is known as Miro Pile Remedy is not a medicine. It is a true remedy. It is not a medicine. It is a true remedy. It is not a medicine. It is a true remedy.

File Ordinance 1-1-18. For this reason, a Miro Pile Remedy is not necessary to take the internal prescription.

Farmers!**Your Fall Plowing Will Go Better If You Use A LEROY Plow**

With time as a vital point this Fall you cannot afford to "get along" with anything that is not the height of efficiency. These LEROY plows with their moldboards shaped to turn better furrows, the carefully tempered steel points, the handles with just the right "hang" will shorten the time per acre and lower the expense bills.

Special Clevis On Side Hill Plows

The clevis on the side-hill plow is so made that by a simple adjustment you can keep your team walking along on the level instead of turned up the hill as with other plows. You can see where your team will go farther each day with the attendant result of more ground ploughed. You will not be as tired at night as the strain on the handles is lessened by this adjustment.

We have regular land plows, of course. And plenty of points for the man who has a good plow with a broken point.

Drew Caissons When Horses Died.
There are many tales of heroism in
the fighting in France. One con-
cerns a number of boys, belonging to
an artillery group, which as a result
of constant fire found itself short of
ammunition. The lads had volun-
teered to make a three-mile trip down
the road, every inch of which was
shell-swept, in order to bring back a
fresh supply.

Before the return was completed the
horses attached to their caisson wagon
were all killed. That circumstance,
however, failed to deter the Americans
from laboriously dragging the wagon
themselves.

American citizens in this community

(From the New York Times, July 17, 1918)

They Got There In Time

**They are in the fight with every muscle,
every faculty of their minds, every
drop of their American blood**

You have read in the daily news the story of what one detachment of American artillerymen did on the Marne when their ammunition was running low.

Every shell in that caisson meant a speedier winning of the war—all the horses were killed—but the shells got there just the same. And they got there in time.

**We Must
Lend the
Way They
Fight—
We Must
Buy Bonds
to
Our Very
Utmost!**

Where shall we draw the limit when we read what they are doing over there? Now is the time to put our full strength into it. Our strength, coupled with the power of our Allies, will win. Let us not delay even a few months.

Let us get there in time to hasten the victory—to save the lives of our sons.

How can any one of us, back here at home, set any limit to the help we ought to give—for victory? And we must get it there in time!

SPANISH INFLUENZA

What It Is And How It Should Be Treated

This disease, authorities now agree, is simply the old fashioned grip that was epidemic in 1889-90. Then it came from Russia by way of France and was given the French name la Grippe. This time it comes by way of Spain.

Spanish influenza, which appeared in Spain in May, has swept over the world in numerous epidemics as far back as history runs. Hippocrates refers to an epidemic in 412 B. C. which is regarded by many to have been influenza. Every century has had its attacks. Beginning with 1831, this country has had five epidemics, the last in 1889-90.

Grip, or influenza, as it is now called, usually begins with a chill followed by aching, feverishness and sometimes nausea and dizziness, and a general feeling of weakness and depression. The temperature is from 100 to 104, and the fever usually lasts from three to five days. The germs attack the mucous membrane, or lining of the air passages—nose, throat and bronchial tubes—there is usually a hard cough especially bad at night, often times a sore throat or tonsillitis, and frequently all the appearances of a severe head cold.

THE TREATMENT

Go to bed at the first symptoms—take a purgative, eat plenty of nourishing food, remain perfectly quiet and don't worry. Nature herself is the only "cure" for influenza and will throw off the attack if only you conserve your strength. A little Quinine, Aspirin or Borax Powders may be given by the physician's directions to allay the itching. Always call a doctor, since the chief danger of grip is in its weakening effect on the system, which allows complications to develop. These are chiefly pneumonia and bronchitis, sometimes inflammation of the middle ear, or heart affections. For these reasons it is very important that the patient remain in bed until his strength returns—stay in bed at least two days or more after the fever has left you, or if you are over 50 or not strong, stay in bed four days or more, according to the severity of the attack.

EXTERNAL APPLICATIONS

In order to stimulate the lining of the air passages to throw off the grip germs to aid in loosening the phlegm and keeping the air passages open, thus making the breathing easier, Vick's VapoRub will be found effective. Hot, wet towels should be applied over the throat, chest and back between the shoulder blades to open the pores. Then VapoRub should be rubbed in over the parts until the skin is red, spread on thickly and covered with two thicknesses of hot flannel cloths. Leave the clothing loose around the neck as the heat of the body liberates the ingredients in the form of vapors. These vapors are inhaled with each breath carry the medication directly to the parts it is externally applied and can, affected. At the same time, VapoRub is absorbed thru and stimulates the skin, attracting the blood to it.

NOTICE

Notice is hereby given that the Township of Morris, Clearfield County, Pennsylvania, will offer at public sale at the Bloomsburg National bank, Winburne, Pa. on Friday, October 1918 at two o'clock p. m. bonds of the said Township in the

sum of \$10,000.00. Said bonds being coupon bonds of the denomination of \$500 each, payable the first day of October, 1920, with interest at 5 per cent. per annum.

FLU INTERFERES WITH COAL PRODUCTION

Coal production in the Central Pennsylvania district for the week ending October 5, was 1,293,942 tons, which is 102,466 tons less than was produced the previous week.

Spanish influenza is directly responsible for the decrease, its effects having completely closed mines in seven places, while as many more had their output restricted 5 per cent. Wishaw, Eleanora, Florence, Soldier, McIntyre, Coal Run and Conifer mines were closed; the operations at Ernest, Pileville, Clymer, Dixonville, Rosister and in the Broad Top regions were heavily cut while practically every mine in the field was affected to some degree.

Conditions are improving in most of the towns, according to reports from the state health department and Charles O'Neill, production manager for the Central Pennsylvania district, has requested miners living in places not affected by the epidemic to increase their output so that the coal so vital to the success of the war may be produced.

FLOURING MILLS

This subject is so ramified and disconnected that it is pretty hard at this time to make much of a historical sketch out of it. Mills have been built and tumbled to decay, and others are yet standing of which the writer of this sketch knows nothing about. Hence we start at a comparative recent date, and give some facts in regard to some of the later establishments of the milling kind.

In 1882 the writer had knowledge of the existence of the following mills: John Irwin Bros., Carwensville; Joseph M. Spencer, Bridgeport; Luther Ferguson & Co., Lumber City; Dr. J. P. Hoyt, Robert Mahaffey, Mahaffey; McGee's Mills; Chest: Horace Patchin, Burnside; Beccaria Mills; Glen Hope, Perryville mills, Puseyville; Nevels Mills, Junesville; New Millport; George Logan's Mill, near Carwensville; Richard Shaw's mill, Clearfield; A. H. Shaw, Clearfield; A. B. Shaw, Shawville; J. B. Gifford, Three Runs; B. F. Kyler, Kylerstown; Runk's, Philipsburg; Rockton; Edinger's, Luthersburg; Bishel's, Troutville; Johnston & Schwem, Grampian Hills; Ross, DuBois; Joe Breth's, Hurd; Summerville mills, Hurd. There were a number of other country mills scattered throughout the rural districts, of which no accurate account of ownership can be given or date as when erected.

The original of the various Irwin flour mills was built in 1818 to 1820 by William Irwin Sr. father of William Sr., and John Sr., and grandfather of the late Senator Edward A. Irwin.

The first mill was burned in 1820 to 1832 but was replaced at once. The second mill was burned in February 1877 and was rebuilt without delay. This establishment, located on the east bank of Carwensville, owned by John Irwin & Bro. was one of the most complete flouring mills in the county. Both manufacturing and custom work was done on a large scale. During the year 1872 in the neighborhood of 12,000 bushels of wheat and 12,000 bushels of corn were ground. The manufactured article was in the main consumed at home and was sold only at the mill and at the flour store. The mill had five run of burrs, a water wheel supplying power for each. An extra wheel was employed for the balance of the machinery. It was also supplied with custom and merchant bolts, two midging purifiers a buckwheat belt, superior cleaning machinery and elevators and in fact all the modern machinery used in first class country flouring mills at that date. Potter's flouring mill is at Three Runs was built during the summer of 1872 and put in operation in November

Gossip for Tonight's Tea Table

Mrs. G. W. Bruth left this morning for a two weeks visit with friends in Altoona and Pittsburgh.

Abe Shapiro returned home from Bellefonte last evening with a bad case of influenza.

Mr. and Mrs. Malcolm Mahaffey, of Harrisburg, are guests at the Hotel Windsor at present.

Mr. and Mrs. William B. Craft of Fourth street received word of the safe arrival over sea of their son Homer J. Craft who is with the national army.

R. S. Nightingale advertising manager of The Progress is confined to his Turnpike avenue home suffering from a severe attack of bronchitis.

Sleeveless jackets are relieving the strain that the continued use of sweaters and country coats entails when the girl who goes in for sports chooses her spring and summer wardrobe. Velours waistcoats like the one pictured here will be very popular this season, for they combine the maximum of comfort with the maximum of style. This one is fabricated in black and white, is cut square under the arms and buttoned at the sides. The waist is held by a narrow belt.

Pony Jackets Are Worn.

Pony jackets are almost as popular as flared jackets. The pony jacket falls in straight lines to the hip, whereas the flared is shaped to just above the waistline. With the pony one wears a low girle or sash, showing on the hip, below the jacket edge; with the flared the sash is a girle, snug and trim about the normal waistline. Pony jackets look well with the new long-waisted blouses, ending in a low belt or sash at the hip. Some of these blouses are of satin with head embroidery on the front, and the bright touch of color is very effective under a pony jacket of dark serge; the jacket, of course, matching a serge skirt on straight and slender lines.

Buy more than you think you can! Bonds are signposts of Democracy.

of the same year, under the management of Dr. J. W. Potter.

Pioneer mills were located on Mohannon creek, five miles east of Kylerstown. They were built in 1810 by H. Groc. When built the mills had two pairs of burrs and the power was provided by one turbine Todd wheel. In 1858 or 1859 the testab'shmen was purchased by James Alexander, of Clearfield who later disposed of it to Matthew Forcey, of Bradford township.

CARD OF THANKS

Mr. and Mrs. Calvin Shirey and son take this means of expressing their heart felt thanks to the friends and neighbors who so kindly assisted them during the time of their sad bereavement in the death of their son and brother Private J. Lynn Shirey. We want to especially thank friends and neighbors for their floral tributes, and also the Clearfield Laundry employees, Sunday school classes, New York Central railway employees, and Mr. A. L. Anderson and brocs, of Altoona, for splendid floral tributes. Our thanks are also especially due those who kindly furnished automobiles and the Spanish American War Veterans for their assistance.

BUY CLOTHES THAT GIVE SERVICE

This is a period when you are doing everything as a patriot, subscribing to the Liberty Loans, helping to give comforts to our Boys, backing up Our President, and economizing on your clothes to be able to place the money for essential war needs.

Determine here and now that everything you buy is going to be worn for a longer period than ever before. That you are going to insist on clothes of the best and most serviceable materials and workmanship that will stand time.

Have You Bought All the Liberty Bonds You Can Buy? If Not Buy—To-day

Just Received a Shipment of 8 Ply Khaki Yarn

An Impressive Collection of New Hats at \$4.95 and \$5.95

It is generally supposed that if you want an impressive, individual hat, you must pay a price accordingly. As a rule, this is true and the store that merely buys merchandise and sells it at a profit, is compelled to follow this plan. However, we believe that every expensive hat can be duplicated by eliminating certain expensive features and the cost brought down to almost half. So you will find that practically every hat in the group is modeled after styles seen in New York Shops at \$10 and \$15. The new ideas are brought out strikingly in these brown tones, in the large black hats, novel turban and scores of other models that bring out strikingly different suggestions.

Dresses at \$17.50

The value giving of a store is not determined by a special sale price here and there, but rather by the kind of values you can secure at all times.

These new Fall dresses at \$17.50 will help convince you of the type of value giving characteristic of this store, and particularly in reference to our ready-to-wear department.

The dresses are made of serge and silk. Fashioned in the new smart designs, dressmaker made, so as to assure longer service and good fitting quality.

We Overheard a Woman Say Recently She Thought a Fashionable, Good Suit Could Not Be Had for \$35.00

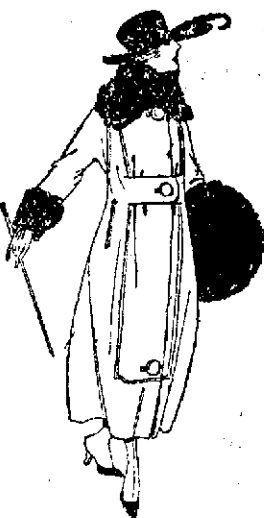

—but that was just BEFORE she came into our suit department.

Naturally, a suit of finer workmanship or materials can be had by paying \$10 or \$20 more. Here is what one fashion magazine says—"One of the peculiarities of the season is that price does not influence style lines. The same style may be had in any grade of material. The scarcer the material and the better its quality, the higher the price of the garment, although the style may be accurately duplicated in another garment at half the price."

So what was the surprise of the woman mentioned above when she examined our suits at \$35.00 and tried two of them on. She told us she had thought it impossible to find such splendid and smart garments at this price.

Other suits from \$25.00 to \$87.50.

Weather That Calls for the Immediate Purchase of That NEW COAT

If you want to know what \$19.50 to \$50.00 can buy in one of the new coats, you have just to examine the garments on their racks here—each of which bears its own price ticket. This is important, for a salesperson here does not base the price according to your enthusiasm for a certain style, or on your appearance. There is one price for all. So come to a one-price store, now that brisk, cold weather is here, and buy that coat.

New Gloves

Splendid choice is available with immediate selection. Whether you want kid or washable gloves, silk or fancy effects of the various fabrics, we have provided full and comprehensive choice in a full range of sizes.

FRENCH KID GLOVES \$2.25 TO \$3.25

The finest kid gloves you can secure in Clearfield. Soft skins of perfect finish; several colors as well as black and white. Two clasp; pique sewn.

SUEDE GLOVES AT \$2.00

These come in gray only. Washable in the two clasp style and pique sewn. Double tipped; well known make. Washable cape gloves at \$2.50 to \$3.25. Cashmerette gloves at 75c and \$1.00.

For An Attractive, Inviting Table Setting—Our All-Linen Table Damask at \$2.50 a Yard

The wise housewife is not waiting until Thanksgiving or some future date to buy her table linens. Linens are too scarce for that. This is a full bleached pure linen damask 72 inches wide. Choice of patterns makes selection easy.

9 x 12 Axminster Rugs in Splendid New Patterns and Color Effects at \$42.50

We have just received some new and very beautiful rugs. These were contracted for months ago. They are worth much more.

A. W. Leonardson Company
